

Security Update: As of August 21, 2020 This Website Will Not Be Available On Outdated Browsers

How will this impact the website?

You will most likely not notice any changes to your website unless you use a very old browser. You can check to see if your browser is supported [here](#).

Our recommendation to avoid any hiccups:

If you are using an outdated browser or a browser that does not support TLS 1.2, your website will not work. It is recommended the browser be updated to the latest version. Download the latest version of your preferred browser below.
